

**Product Code 7-5-1102**

Locker system with 2 cabinet modules, with lateral weather protection on the right and left

Colour: light grey \*\*

Consisting of \*\*\* :

1 unit of cabinet module A

1 unit of cabinet module B

Number of boxes: 12

**Product Code 7-5-1103**

Locker system with 3 cabinet modules, with lateral weather protection on the right and left

Colour: light grey \*\*

Consisting of \*\*\* :

1 unit of cabinet module A

1 unit of cabinet module B

1 unit of cabinet module C

Number of boxes: 18

**Product Code 7-5-1104**

Locker system with 4 cabinet modules, with lateral weather protection on the right and left

Colour: light grey \*\*

Consisting of \*\*\* :

1 unit of cabinet module A

1 unit of cabinet module B

1 unit of cabinet module C

1 unit of cabinet module D

Number of boxes: 22

**Product Code 7-5-1105**

Locker system with 5 cabinet modules, with lateral weather protection on the right and left

Colour: light grey \*\*

Consisting of \*\*\* :

2 units of cabinet module A

1 unit of cabinet module B

1 unit of cabinet module C

1 unit of cabinet module D

Number of boxes: 27

**Product Code 7-5-1106**

Locker system with 6 cabinet modules, with lateral weather protection on the right and left

Colour: light grey \*\*

Consisting of \*\*\* :

2 units of cabinet module A

2 units of cabinet module B

1 unit of cabinet module C

1 unit of cabinet module D

Number of boxes: 34

**Product Code 7-5-1107**

Locker system with 7 cabinet modules, with lateral weather protection on the right and left

Colour: light grey \*\*

Consisting of \*\*\* :

2 units of cabinet module A

2 units of cabinet module B

2 units of cabinet module C

1 unit of cabinet module D

Number of boxes: 40

**Product Code 7-5-1108**

Locker system with 8 cabinet modules, with lateral weather protection on the right and left

Colour: light grey \*\*

Consisting of \*\*\* :

2 units of cabinet module A

2 units of cabinet module B

2 units of cabinet module C

2 units of cabinet module D

Number of boxes: 44

**Product Code 7-5-1109**

Locker system with 9 cabinet modules, with lateral weather protection on the right and left

Colour: light grey \*\*

Consisting of \*\*\* :

3 units of cabinet module A

2 units of cabinet module B

2 units of cabinet module C

2 units of cabinet module D

Number of boxes: 49

**Product Code 7-5-1110**

Locker system with 10 cabinet modules, with lateral weather protection on the right and left

Colour: light grey \*\*

Consisting of \*\*\* :

3 units of cabinet module A

3 units of cabinet module B

2 units of cabinet module C

2 units of cabinet module D

Number of boxes: 56

**Product Code 7-5-1111**

Locker system with 11 cabinet modules, with lateral weather protection on the right and left

Colour: light grey \*\*

Consisting of \*\*\* :

3 units of cabinet module A

3 units of cabinet module B

3 units of cabinet module C

2 units of cabinet module D

Number of boxes: 62

**Product Code 7-5-1112**

Locker system with 12 cabinet modules, with lateral weather protection on the right and left

Colour: light grey \*\*

Consisting of \*\*\* :

3 units of cabinet module A

3 units of cabinet module B

3 units of cabinet module C

3 units of cabinet module D

Number of boxes: 66

**Product Code 7-5-1113**

Locker system with 13 cabinet modules, with lateral weather protection on the right and left

Colour: light grey \*\*

Consisting of \*\*\* :

4 units of cabinet module A

3 units of cabinet module B

3 units of cabinet module C

3 units of cabinet module D

Number of boxes: 71

**Product Code 7-5-1114**

Locker system with 14 cabinet modules, with lateral weather protection on the right and left

Colour: light grey \*\*

Consisting of \*\*\* :

4 units of cabinet module A

4 units of cabinet module B

3 units of cabinet module C

3 units of cabinet module D

Number of boxes: 78

**Product Code 7-5-1115**

Locker system with 15 cabinet modules, with lateral weather protection on the right and left

Colour: light grey \*\*

Consisting of \*\*\* :

4 units of cabinet module A

4 units of cabinet module B

4 units of cabinet module C

3 units of cabinet module D

Number of boxes: 84

\*\* Almost all RAL colours are possible. Other colours on request.

\*\*\* Deviating from the standard assembly, any other assembly is possible.

**Caution!**

For the accommodation of the technology,  
at least 1 small locking compartment should be reserved.

In connection with the TANmode software, the miniPAD is the intelligent control center of every locker system. Wiring is not mandatory.

The new miniPAD IP is used in the outdoor locker systems and was specially developed for use in wind and weather. It is compatible with all BeCode software products or can be connected to other customer systems via API.
